- Cash Advance Charges - Waived. Interest accrues on cash advance transactions from the date of the transaction.
- Service Charges - Late payment charges - Outstanding Balance: up to ₹100 -> Nil; Between ₹101 - ₹500 = ₹100, Between ₹501 - ₹1,000 = ₹500, Between ₹1001 - ₹5,000 = ₹600, Between ₹5001 - ₹10,000 = ₹750, Between ₹10001 - ₹25,000 = ₹900, Between ₹25,001 - ₹50,000 = ₹1,100, Above ₹50,000 = ₹1,300. Please [click here](#) to know more on fees and charges or visit www.indusind.bank.in
- Interest Free Grace Period - Up to 50 days; Interest free period is not not applicable if total amount due is not paid in full.**
- Interest Charges - 3.95% Monthly; 47.4% Annually.

Interest is calculated on a daily basis on the current outstanding balance of the Cardholder. Interest is levied if total amount due is not paid off by the due date. Please note that making only the minimum payment every month would result in the repayment stretching over a period of time with consequent interest payment on your outstanding balance.
Interest Calculation Example - If the statement cycle is 25th of every month and the January statement has one transaction: 14th January Shopper's Stop ₹10,000.

The outstanding balance on 25th January is ₹10,000. If the complete payment is made before 14th February, no interest shall be levied.

However, if a part payment of ₹7,000 is made on 10th February, then interest will be calculated as below:

- Interest on ₹10,000 from 14th January - 25th January (11 days) = ₹10,000 x 3.95% x 12/365 x 11 = ₹142.85
- Interest on statement balance as per 25th statement from 25th January - 10th February (16 days) = ₹10,000 x 3.95% x 12/365 x 16 = ₹207.78
- Interest on outstanding balance of ₹3,000 from 10th February - 25th February (15 days) = ₹3,000 x 3.95% x 12/365 x 15 = ₹58.44
- Total Interest as per 25th February statement = ₹142.85 + ₹207.78 + ₹58.44 = ₹409.07. Please note in the above illustration interest has been calculated at 3.95% p.m.

*GST as applicable on all fees and charges.
